

Low Volume Large Part Plastic Injection Molding ABS Plastic Parts

Our Product Introduction

for more products please visit us on caindustrialparts.com

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 3000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: ABS
- Surface Finish: Paint
- Tolerance: +/-0.5mm
- Color: Black
- Process: Injection Moulding
- Certificate: ISO9001:2015
- Highlight: **low volume plastic injection moulding,
large plastic injection molding,
large part plastic injection molding**

Product Description

Injection Moulding ABS Plastic Parts:

Name	Injection Moulding ABS Plastic Parts
Material	ABS
Surface treatment	Non
Tolerance	+/-0.5mm
Weight	20g
Process	Injection Moulding
Certificate	ISO9001:2015
OEM	Available

Description:

Plastic injection molding is a manufacturing process that involves injecting molten thermoplastic material into a mold, where it is then cooled and solidified to form a final product.

Advantage:

Large volume runs of simple or complex uniform parts with tight tolerance.

Application:

Automotive, consumer goods, medical, industrial and electronics.

Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers
