ISO9001:2015

Product Specification

Material:Weight:

• Tolerance:

• Certificate:

Process:

- Carbon Steel 100g/pc +/-0.05mm Machining ISO9001:2015 Natural
- Color:Highlight:
- machining automotive parts, part of machining, precision cnc machining parts

Our Product Introduction

Product Description

Industrial custom steel fittings

Name	Industrial custom steel fittings
Material	carbon steel.
Surface treatment	Non
Tolerance	+/-0.05mm
Process	Machining
Certificate	ISO9001:2015
OEM	Available
Color	Natural

Description:

Machined metal parts are componnets produced by removing material form a full block of raw material using cutting tool on machines such as CNC turning center or CNC milling centers.

Removing material from a block of raw material is called CNC machining. Achieving this can be accomplished through a range of diverse tools and methodologies, including turning, milling, drilling, threading, and many others.

Application:

Aerospace, medical, Automotive, and consumer products.

Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
