

Factory OEM Custom Aluminum Castings Die Casting Parts

Our Product Introduction

for more products please visit us on caindustrialparts.com

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-45 days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: ADC 12 Aluminium
- Surface Treatment: Non
- Tolerance: +/-0.1MM
- Weight: 500g/pc
- OEM: Available
- Color: Natural
- Highlight: Custom Aluminum Castings,
Die Casting Parts Aluminum Castings,
OEM Aluminum Castings

Product Description

Factory OEM Custom Aluminium Casting Die Casting Parts

Name	Factory OEM Custom Aluminium Casting Die Casting Parts
Die Casting Mould	Profound Experience
Material	ADC12 Aluminium
Surface Treatment	Non
Tolerance	+/-0.05MM
Weight	500g/pc
Certificate	ISO9001:2015
OEM	Available

Description:

Aluminum alloys are the most widely used for die cast parts. Aluminum die casting suppliers benefit from the total recyclability of the material and its ease of use. Due to the comparatively higher melting point, aluminum die casting may require a cold chamber casting process. Engineers use cast aluminum parts primarily for their great strength to weight ratios, dimensional stability, and diverse finishing options. Some of the other common characteristics of cast aluminum alloys are

1. Withstand high operating temperatures
2. Corrosion Resistance
3. Good Stiffness
4. High thermal and electrical conductivity.

Advantage:

1. Produces complex parts to net shape, reducing secondary machining.
2. High-speed production compared to other manufacturing processes.
3. Die casting parts are durable and have a long service life.

Application:

Aluminum Casting Parts are widely used for various purposes, such as automotive parts, engine parts, marine parts, electronic parts, electrical parts, agricultural parts, infrastructure parts, architectural parts, food and beverage parts, medical parts, and many others.

Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc. We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
