

Factory OEM Custom Zinc Alloy Die Casting Parts Manufacturers

Our Product Introduction

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-45 days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: Zinc
- Surface Treatment: Non
- Tolerance: +/-0.1MM
- Weight: 600g/pc
- OEM: Available
- Color: Natural
- Highlight: zinc alloy die casting parts,
zinc alloy die casting parts manufacturers,
zinc die casting parts

Product Description

Factory OEM Custom Zinc Casting Die Casting Parts

| | |
|-------------------|---|
| Name | Factory OEM Custom Zinc Casting Die Casting Parts |
| Die Casting Mould | Profound Experience |
| Material | Zinc |
| Surface Treatment | Non |
| Tolerance | +/-0.1MM |
| Weight | 600g/pc |
| Certificate | ISO9001:2015 |
| OEM | Available |

Description:

In the zinc pressure casting process, you have to put high pressure on molten zinc alloy to form the shape of the cavity of the mould

The cavity will be in the inverse shape of the actual parts. you have to use an automatic machine to carry out this process to get the best results.

Advantage:

- 1.Zinc has a very high casting fluidity. That is why you can achieve a thinner wall section if you use zinc casting.
- 2.Zinc diecast requires a minimum amount of machining.
- 3.Zinc die cast parts offer very high strength of bearing surfaces.
4. You can get solid and precise dimensional accuracy with zinc diecast.

Application:

Aluminum Casting Parts are widely used for various purposes, such as automotive parts, engine parts, marine parts, electronic parts, electrical parts, agricultural parts, infrastructure parts, architectural parts, food and beverage parts, medical parts, and many others.

Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc. We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
