

## Pressure Metal Alloy Black Anodization Aluminium Die Casting Parts Makers Components

Our Product Introduction

for more products please visit us on [caindustrialparts.com](http://caindustrialparts.com)

### Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-45 days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

### Product Specification

- Material: ADC 12 Aluminium
- Surface Treatment: Anodization
- Tolerance: +/-0.1MM
- Weight: 200g/pc
- OEM: Available
- Color: Black
- Highlight: **aluminium die casting components,  
aluminium die casting parts,  
aluminium die casting parts makers**

## Product Description

### Pressure Metal Alloy Black Anodization Aluminum Die Casting Parts

Name	Pressure Metal Alloy Black Anodization Aluminium Die Casting Parts
Die Casting Mould	Profound Experience
Material	ADC12 Aluminium
Surface Treatment	Non
Tolerance	+/-0.1MM
Weight	200g/pc
Certificate	ISO9001:2015
OEM	Available

#### Description:

Die casting is a manufacturing process in which molten metal, typically a non-ferrous alloy like aluminium or zinc, is injected into a mold or die to create precise and complex metal parts. It's a method known for its efficiency in producing large quantities of parts with high precision.

#### Advantage:

1. Produces complex parts to net shape, reducing secondary machining.
2. High-speed production compared to other manufacturing processes.
3. Die casting parts are durable and have a long service life.

#### Application:

Aluminum Casting Parts are widely used for various purposes, such as automotive parts, engine parts, marine parts, electronic parts, electrical parts, agricultural parts, infrastructure parts, architectural parts, food and beverage parts, medical parts, and many others.

#### Company profile:

C&A Industrial Component Ltd. is a China-based manufacturer of custom-made metal components, hardware, fittings, valves, PVC products, etc. We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
