

Auto Body Aerospace Sheet Metal Parts China

Our Product Introduction

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000
- Packaging Details: Carton or wooden case
- Delivery Time: 35 days
- Payment Terms: T/T, Paypal
- Supply Ability: 1000000

Product Specification

- Material: Steel
- Finish: Paint
- Tolerance: +/-0.05mm
- OEM: Available
- Color: Blue
- Highlight: aerospace sheet metal parts,
auto body sheet metal parts,
auto sheet metal parts

Product Description

Custom Factory Direct Price Sheet Metal Fabrication Parts:

Name	Custom Factory Direct Price Sheet Metal Fabrication Parts
Material	Carbon steel
Surface treatment	Paint
Tolerance	+/-0.1mm
Weight	0.02kg
Process	Stamping
Certificate	ISO9001:2015
OEM	Available

Description:

Sheet Metal services come in a variety of capabilities, such as bending, shearing, staking, and stamping. These parts are commonly used in drilling, tapping, counterboring, and countersinking operations. Sheet metal parts can fit many projects, from simple bend sheet metal prototypes to production runs of complex, multi-parts assemblies.

Advantage:

1. Sheet metal material are also capable of holding high-pressure levels, with the added ability to resist corrosion and degradation resulting from exposure to sun, water, moisture, and corrosion in all types of environments.
2. Sheet metal components exhibit a relatively low weight when compared to alternative materials such as solid metal blocks or castings.
3. Sheet metal fabrication allows for great design flexibility, sheet metal can be easily cut, bent, and shaped into complex forms, offering designers the freedom to create parts with intricate geometries, creating customized and aesthetically pleasing components.

Company profile:

C&A Industrial Component Ltd. is a China-based manufacturer of custom-made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
