

Milling Center Electric Parts Manufacturer Metal Parts Central Machinery **Lathe Parts**

Basic Information

. Place of Origin: China

ISO9001:2015 · Certification: • Minimum Order Quantity: 2000pcs negotiable

• Packaging Details: Carton and wooden case

• Delivery Time: 30-35 Days Payment Terms: T/T, Paypal • Supply Ability: 10000pcs

Product Specification

• Material: Steel • Surface: Oxidation +/-0.05mm • Tolerance: Weight: 200g/pc · Process: Machining • Color: Blue

• Certification: ISO9001:2015 • OEM: Available

• Highlight: center lathe machine parts, centre lathe parts,

central machinery lathe parts

Product Description

Milling Center Electric Parts Manufacturer Metal Parts

Name	Milling Center Electric Parts Manufacturer Metal Parts
Material	Steel
Surface treatment	Non
Tolerance	+/-0.05mm
Process	Machining
Certificate	ISO9001:2015
OEM	Available
Color	Natural

Description:

Machining parts has traditionally relied on the steady hands of workers, but today innovations like CNC machined parts have introduced automation as well, becoming a CNC Machinist still taks traning, skill, and experience to operate these high-tech cutting tools.

Advantage:

1.In order to evaluate a new design, it is relatively easy to make prototype parts. there is no investment in tools and molds needed.

The total cost of machined prototypes is low.

- 2. Tacking in account some basic design for fabricating parts, the freedom of designing machined parts is huge. More specific, it allows all kinds of shapes, even curved surface.
- 3. Machining represents a highly cost-effective process for finishing some limited production runs. while generally more labor intensive than some other processes, it usually contributes value to the finished goods

Application:

aerospace, medical, Automotive, and consumer products.

Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers
