

Electronic Custom Metal Stamping Parts Manufacturer In China Cold Roller Steel Parts

Our Product Introduction

for more products please visit us on caindustrialparts.com

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 3000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-40 Days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: Carbon Steel
- Surface Treatment: Non
- Tolerance: +/-0.1mm
- Weight: 50g
- Process: Stamping
- Certificate: ISO9001:2015
- OEM: Available
- Highlight: **metal stamping parts manufacturer in china, metal parts stamping, electronic stamping parts**

Product Description

Custom Metal Fabrication Cold Roller Steel Parts:

Name	Custom Metal Fabrication Cold Roller Steel Parts
Material	Carbon steel
Surface treatment	Non
Tolerance	+/-0.1mm
Weight	100g
Process	Stamping
Certificate	ISO9001:2015
OEM	Available

Description:

Metal stamping is a broad category of manufacturing services used to turn strips or sheets of metal into functional components .

Metal stamping is a manufacturing process used to convert flat metal sheets into specific shapes. It is a complex process that can include a number of metal forming techniques-blanking, punching, bending and piercing etc

Though virtually any metal, including gold can be stamped, sheet metal is by far the most common.

The type of metal used depends on the type of parts that's needed and its desired properties, such as corrosion-and heat-resistance.

Sheet metal stamping can produce parts from the following materials:

Stainless Steel, Low and high carbon steel, Aluminum, Brass and etc.

Advantage:

Metal stampings are used in a wide variety of applications across nearly every industry, including automotive, manufacturing, construction, aerospace, electronics, medical, and more.

Application:

Automotive Stampings

Building Products

Solar BOS (balance of system) Components

LED Lighting

Electric vehicle EV Components

Roofing Products

Company Profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
