

Progressive Precision Sheet Metal Stamping Parts Mounting Bracket For Installation

Our Product Introduction

for more products please visit us on caindustrialparts.com

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 3000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-40 Days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: Steel
- Surface Treatment: Non
- Tolerance: +/-0.1mm
- Weight: 300g
- Process: Stamping
- Certificate: ISO9001:2015
- OEM: Available
- Highlight: **precision sheet metal stamping parts,
precision metal stamping parts,
progressive stamping die parts**

Product Description

Custom Steel Stamping Mounting Bracket For Installation:

Name	Custom Steel Stamping Mounting Bracket For Installation
Material	Steel
Surface treatment	Non
Tolerance	+/-0.1mm
Weight	300g
Process	Stamping
Certificate	ISO9001:2015
OEM	Available

Description:

The process of turning sheets of metal into a useful part or component is called sheet metal stamping. The metal is fed into a press, where the stamping tool also known as die, creates the desired shape. the die is pressed into or through the metal with tremendous force. the force

used in the process is measured in tons.

The type of metal used depends on the type of parts that's needed and its desired properties, such as corrosion-and heat-resistance.

some examples of precision stamping fabrication processes include bending, blanking, coining, embossing, flanging, High-speed, progressive-die, punching, and single-stage stamping.

Advantage:

Metal stampings are used in a wide variety of applications across nearly every industry, including automotive, manufacturing, construction, aerospace, electronics, medical, and more.

Application:

Automotive Stampings
Building Products
Solar BOS (balance of system) Components
LED Lighting
Electric vehicle EV Components
Roofing Products

Company Profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
