

304 Stainless Steel Casting Processing Non-Standard Metal Casting Parts Precision

Our Product Introduction

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 500pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-45 days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: Stainless Steel 304
- Surface Finish: Polishing
- Tolerance: +/-0.5mm
- Manufacturing Process: Casting
- Weight: 300g
- Certification: ISO9001:2015
- OEM: Available
- Highlight: **precision casting parts, parts of casting, metal casting parts**

Product Description

304 Stainless Steel Casting Processing Non-standard Casting Parts

Name	304 Stainless Steel Casting Processing Non-standard Casting Parts
Material	Stainless Steel 304
Surface treatment	Polishing
Tolerance	+/-0.1mm
Weight	300g
Process	Casting
Certificate	ISO9001:2015
OEM	Available

Description:

Casting is a manufacturing process which was already utilized in the Copper Age to produce casting parts from liquid, molten metal. During this process, metals are melted and then molded while still in a liquid state. This manufacturing process is still popular today due to its high reproducibility and good material utilization. From manhole covers to aircraft engines-castings find use in a wide variety of areas.

Advantage:

- 1.High dimensional accuracy
- 2.Extremely intricate parts are castable
- 3.Almost any metal can be cast
- 4.No flash or parting lines
- 5.Effective utilization of metal
- 6.Fewer environmental hazards from the foundry process

Application:

aerospace,medical,jewelry,airline, automotive and golf clubs especially since the start of 3D printing technology.

Company Profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
