

Lost Wax Casting OEM Plastic Investment Precision Casting Parts In Automobile Manufacturer

Our Product Introduction

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 500pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-45 days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: Stainless Steel
- Surface Finish: Non
- Tolerance: +/-0.1mm
- Manufacturing Process: Casting
- Weight: 450g
- Certification: ISO9001:2015
- OEM: Available
- Highlight: **casting parts in automobile,
casting parts manufacturer,
casting plastic parts**

Product Description

Lost Wax Casting OEM Investment Precision Casting Part

| | |
|-------------------|--|
| Name | Lost Wax Casting OEM Investment Precision Casting Part |
| Material | Stainless steel |
| Surface treatment | Non |
| Tolerance | +/-0.1mm |
| Weight | 450g |
| Process | Casting |
| Certificate | ISO9001:2015 |
| OEM | Available |

Description:

Investment casting produces precise components while minimizing material waste, energy, and subsequent machining. It can also ensure the production of very intricate parts. This makes the investment casting process quite useful to design engineers. Investment casting employs a shell made of ceramic, plaster, or plastic that is formed around a wax pattern. The wax pattern is melted and removed in a furnace and metal is poured into the shell to create the casting.

Advantage:

- 1.High dimensional accuracy
- 2.Extremely intricate parts are castable
- 3.Almost any metal can be cast
- 4.No flash or parting lines
- 5.Effective utilization of metal
- 6.Fewer environmental hazards from the foundry process

Application:

aerospace,medical,jewelry,airline, automotive and golf clubs especially since the start of 3D printing technology.

Company Profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
