

Rubber Injection Molded Polypropylene Parts Automotive PVC Material Automobile Parts

Our Product Introduction

for more products please visit us on caindustrialparts.com

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000pcs
- Price: Negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 35-45 Days
- Payment Terms: T/T, Paypal
- Supply Ability: 100000pcs

Product Specification

- Material: PVC
- Surface Finish: Non
- Tolerance: +/-0.1mm
- Color: White
- Process: Injection Molding
- Certificate: ISO9001:2015
- Highlight: injection molding automotive parts,
injection molded rubber parts,
injection molded polypropylene parts

Product Description

OEM Custom Injection Molded Parts PVC Material Automobile Parts:

Name	OEM Custom Injection Molded Parts PVC Material Automobile Parts
Material	PVC
Surface treatment	Non
Tolerance	+/-0.1mm
Weight	200g
Process	Injection Moulding
Certificate	ISO9001:2015
OEM	Available

Description:

Plastic injection molding is a manufacturing process that involves injecting molten thermoplastic material into a mold, where it is then cooled and solidified to form a final product.

Advantage:

Large volume runs of simple or complex uniform parts with tight tolerance.
Compared to 3D printing or CNC machining, the injection molding process is much faster when it comes to production in mass quantities.
Reliable manufacturing for repeated production runs after the prototyping phase has concluded.

Application:

Packaging, Consumer goods, medical devices, electronic and telecommunications. mechanical parts, and most other common plastic products available today.

Company profile

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers
