# Anodizing Aluminum Die Cast Manufacturing Supports Metal Aluminum Processing Plate Suppliers

# **Basic Information**

Place of Origin: China

Certification: ISO9001:2015
Minimum Order Quantity: 1000pcs
Price: Negotiable

Packaging Details: Carton and wooden case

Delivery Time: 35-45 days
Payment Terms: T/T, Paypal
Supply Ability: 100000pcs

# **Product Specification**

· Color:

Material: Aluminium
Surface Treatment: Non
Tolerance: +/-0.8MM
Weight: 450g/pc
OEM: Available

 Highlight: aluminum die cast manufacturing, aluminum die casting suppliers,

Natural

anodizing die cast aluminum

## **Product Description**

#### **Custom Processing Supports Metal Aluminum Processing Plate:**

Name	Custom Processing Supports Metal Aluminum Processing Plate
Die Casting Mould	Profound Experience
Material	Aluminium
Surface Treatment	Non
Tolerance	+/-0.8MM
Weight	450g/pc
Certificate	ISO9001:2015
OEM	Available

## **Description:**

Die casting is a metal casting method that involves pouring molten metal into a mold cavity so that it solidifies to take up the

the mold. This technique of metal forming allows versatility in part size and shape, even for complex shapes with internal cavities or hollow sections.

#### Advantage:

- 1.it is lightweight and very stable for complex shapes
- 2.it has high thernal and electrical conductivity.
- 3. it has good corrosion resistance.
- 4. it retains its strength at very high temperatures

#### Application:

Automotive, Aerospace, Energy, Electronics, Construction, Engineering, and Medical.

## Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc. We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
