

Custom CNC Precision Turning Milling Drilling Metal Parts CNC Machining Part

Our Product Introduction

for more products please visit us on caindustrialparts.com

Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 30-35 Days
- Payment Terms: T/T, Paypal
- Supply Ability: 10000pcs

Product Specification

- Material: Aluminium
- Surface: Non
- Tolerance: +/-0.05mm
- Weight: 100g/pc
- Process: Machining
- Color: Natural
- Certification: ISO9001:2015
- OEM: Available
- Highlight: **CNC Precision Turning, CNC Precision Milling, CNC Precision Drilling**

Product Description

Custom CNC Precision Turning Milling Drilling Metal Parts CNC Machining Part

Name	Custom CNC Precision Turning Milling Drilling Metal Parts CNC Machining Part
Material	Aluminium
Surface treatment	Non
Tolerance	+/-0.08mm
Process	Machining
Certificate	ISO9001:2015
OEM	Available
Color	Natural

Description:

Machined parts are everywhere, and it's easy to see why: CNC machining is suitable for a range of metals and plastics. and machined parts can be fabricated quickly and affordably with no tooling required.

Advantage:

1. In order to evaluate a new design, it is relatively easy to make prototype parts. there is no investment in tools and molds needed.
The total cost of machined prototypes is low.
2. Tacking in account some basic design for fabricating parts, the freedom of designing machined parts is huge. More specific, it allows all kinds of shapes, even curved surface.
3. Machining represents a highly cost-effective process for finishing some limited production runs. while generally more labor intensive than some other processes, it usually contributes value to the finished goods

Application:

Aerospace, medical, Automotive, and consumer products.

Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
