

## Motorcycle Metal Fittings Precision CNC Processing Parts Engine Lathe Machine Parts

Our Product Introduction

for more products please visit us on [caindustrialparts.com](http://caindustrialparts.com)

### Basic Information

- Place of Origin: China
- Certification: ISO9001:2015
- Minimum Order Quantity: 1000pcs
- Price: negotiable
- Packaging Details: Carton and wooden case
- Delivery Time: 30-35 Days
- Payment Terms: T/T, Paypal
- Supply Ability: 10000pcs

### Product Specification

- Material: Carbon Steel
- Surface: Non
- Tolerance: +/-0.05mm
- Weight: 200g/pc
- Process: Machining
- Color: Blue
- Certification: ISO9001:2015
- OEM: Available
- Highlight: lathe machine parts, engine lathe parts, cnc precision parts

## Product Description

### Factory Motorcycle Metal Fittings Precision CNC Processing Parts:

Name	Factory Motorcycle Metal Fittings Precision CNC Processing Parts
Material	Aluminium
Surface treatment	Anodized
Tolerance	+/-0.08mm
Process	Machining
Certificate	ISO9001:2015
OEM	Available
Color	Natural

### Description:

Machined parts have excellent strength, as they are built from solid blocks of material, and they can be made into a wide range of shapes and thickness. they can have very detailed features, and they can be made from a very wide range of materials. small quantities of machined parts can be made quickly. since they do not require tooling, and tolerance can be very tight if machining speeds are reduced.

### Advantage:

1. In order to evaluate a new design, it is relatively easy to make prototype parts. there is no investment in tools and molds needed. The total cost of machined prototypes is low.
2. Tacking in account some basic design for fabricating parts, the freedom of designing machined parts is huge. More specific, it allows all kinds of shapes, even curved surface.
3. Machining represents a highly cost-effective process for finishing some limited production runs. while generally more labor intensive than some other processes, it usually contributes value to the finished goods

### Application:

aerospace, medical, Automotive, and consumer products.

### Company profile:

C&A Industrial Component Ltd. Is a China based manufacturer of custom made metal components, hardware, fittings, valves, PVC products, etc.

We have over 20 manufacturing facilities that we collaborate with in China. Manufacturing process: pressure die casting, machining, stamping and etc.

Most of the facilities are Certified with ISO9001, TS16949, and etc.

Our manufacturing facilities are located in Zhejiang area and Jiangsu area with a USA sales office for our North American Customers.
